NOTIFICATION OF APPLICATION

Receipt of licence application from Bioproperties Pty Ltd for commercial supply of a genetically modified infectious laryngotracheitis vaccine for chickens

The Office of the Gene Technology Regulator (OGTR) has received a licence application (DIR 193) from Bioproperties Pty Ltd. A summary of the application and a Questions and Answers document are posted on our [website](#) under News or search for DIR 193.

Bioproperties Pty Ltd is seeking approval for transport, storage, supply to poultry farms and disposal of a live attenuated genetically modified (GM) infectious laryngotracheitis vaccine (known as Vaxsafe® ILT) as part of its commercial supply of a vaccine for chickens.

The OGTR is preparing a Risk Assessment and Risk Management Plan for the application. This is expected to be released for public comment and advice from experts, agencies and authorities in **October 2022**. There will be at least 30 days for submission of comments.

If you have any questions or would like to receive a copy of the full licence application, please contact the OGTR and quote the reference number DIR 193.
